About Springboro

You are a unique person with a rich story, and have specific wants and needs. Listening to that story is the best way to help you on your personal journey. Our customized, person-centered approach is built on respect for you as an individual.

A Rich Tapestry - We chose the name "Tapestry" because it embodies our mission and our story. No organization or person can realize their full potential alone. The richest life consists of many threads woven together to create a dynamic tapestry - an ever-changing vignette made

richer by the people in our lives. Tapestry Springboro's story interweaves tradition, innovation, technology and service to help residents feel purposeful, valued, respected, dignified and empowered. The threads are the Tapestry nurses and caregivers, community doctors, therapists, community partners, families and most importantly... you.

Dignity and Respect - We honor the past and integrate it into the resident's current environment building a sense of security, comfort and belonging. We promote dig-

nity, supporting each resident's independence. Together with the resident, family, physician, and staff we will work with you to customize a personalized care plan.

OUR STAFF

People Who Care

TAPESTRY CAREGIVERS SUPPORT YOUR JOURNEY

Tapestry is a special place because Tapestry caregivers are special people. We work hard to identify and recruit the very best caregivers; not just people who are skilled and knowledgeable, but also who understand that helping seniors with their journey is one of the most important and meaningful things a person can do.

Caregiving is tough work. The job can be physically and emotionally demanding. Our caregivers work as a tight-knit team, supporting and encouraging each other. Like any tapestry, our strength comes from individual threads brought together with a common purpose. Together we can accomplish truly special things.

Tapestry believes in the importance of personal and professional growth. That's why our caregivers are always learning and growing. Our goal, as leaders in this industry, is to help create the leaders of tomorrow. Our approach is always supported by research-based best practices and includes training based on the work of nationally recognized dementia expert Teepa Snow.

*"I am continually reminded
just how blessed I am to work
with such amazing people"*

— Chris Blum, CEO of Tapestry Senior Living

Family & Friends

Here at Tapestry Springboro, our schedule revolves around your schedule. Our services are matched to meet all of your unique needs. You chart the course and we help you along the journey. We show this commitment in things like our signature All Day Dining, for your convenience. We show it in how our nurses deliver customized, person-centered care for those who live in our spacious, assisted living apartments. We show it in how our team helps residents and families thrive through a variety of services catered to fit you.

“When I walk into Tapestry Springboro, I just feel like I’m home.” We hear this sentiment a lot because people care and take pride in this community. It shows in our commitment to understanding your unique needs via our Person-Centered Care. It shows in how Assisted Living neighbors stay active; fishing, touring brewpubs and worshipping together. But perhaps most of all, it shows in the smiles and hugs from our Tapestry Springboro team members.

*When I walk into Tapestry Springboro,

OUTINGS

Life Outside of Tapestry

We keep our residents stimulated with a variety of outdoor and indoor activities beyond the walls of our facility.

Whether it be a fishing excursion or a trip to the bowling lanes, we keep our residents stimulated with a variety of outdoor and indoor activities beyond the walls of our facility. It is our goal to create fun, life-enhancing activities in the outside world!

Coffee shops are an experience for the senses: the smell of roasted coffee and sweets, the taste of treats, and the sight and sound of baristas hard at work.

Picnicking in the park, exploring our beautiful city, sightseeing at our great museums, bowling at the ally, or dining at a fun restaurant.

SPECIAL EVENTS

50s Prom, Halloween, Carnival!

The world becomes more vibrant and inviting when we give ourselves permission to play.

At Tapestry, we're always having a good time! Whatever the season, we have a special event planned for it as well as a number of other special events, such as our "carnival", to keep the social calendar hopping.

Tapestry's big events, like this carnival, are what make us feel truly alive, engaged, and connected. The world becomes more vibrant and inviting when we give ourselves permission to play.

Enjoying ukulele players at our luau, dancing at our 1950's prom, enjoying our white winter wonderland, celebrating our Veterans, and sharing a feast for the holidays.
